

The Great Gizmo invents a Gizmo!

The Great Gizmo! invents a gizmo is a brand new show that was developed for "Scienceworks" Melbourne.

The show is highly Entertaining, Educational & Engages the audience in a creative way.

Combining Circus & Science to achieve a very real positive outcome that all kids identify with,
"Milk shakes & Bicycles".

Under the pretext of The Great Gizmo! attempting to break a World Record by balancing a bicycle on his chin,
Gizmo & his assistant Mr. Omzig attempt to make a Magic Milkshake, only to blow up the blender.

Needing to find an Alternative Power Source, they decide to invent a Bicycle Powered Blender
to make the Magic Mikshake.

The Bicycle Powered Blender is invented, the Magic Milkshake is made & the World Record balancing act
is achieved by The Great Gizmo balancing a Full size bicycle on his chin.

The show is a combination of Uni Cycling, Mini bicycling, Juggling, Live music, Education, Comedy, Fun
& is totally Audience interactive.

This show is ideally suited for Primary schools, Childrens festivals, Community festivals, Libraries etc.
Some of the event themes this show is suitable for are Circus, Creativity, Invention, Alternative power,
Science, Sustainability, Environment just to name a few..

The Great Gizmo! performed by Collin Bogaars has over fifteen years of performing experience.
The show can be performed just about anywhere with very little setup time or technical requirements.
Workshops can also be a offered part of this performance if required.
